

# General Cleaner GC1

## PRODUCT INFORMATION

General Cleaner GC1 has been developed to remove ink residues quickly and effectively, leaving consumables and equipment in optimal condition for the following print run.

### General Cleaner – DFGC1

#### Application

To clean plates, rollers and other ancillaries.

#### Product Properties

- A high performance general cleaner for use with all ink types
- Very fast evaporating
- No greasy residue
- No plate swell

#### Product Code

DFGC1/5

Packed in 5 litre containers

#### Instructions for Use

- Soak lint-free rag or paper wipe in General Cleaner.
- Wipe ink off plate or roller, taking care not to damage raised areas of plate through physical action or the use of unsuitably coarse rags.
- Wipe off excess ink and General Cleaner with dry rag or wipe.
- Allow General Cleaner to fully evaporate before storing.
- Do not leave plates, rollers, or other ancillaries to soak in General Cleaner.

#### Fujifilm Speciality Ink Systems Limited:

- Has certification to the International Environmental Standard ISO 14001.
- Is committed to minimising the risk to users of our products, and also to minimising the impact of our activities on the environment, from formulation through to production and supply.
- Research and development team work to an in-house Health Safety and Environmental policy, termed 'Design for Health, Safety and Environment', with the aim of proactively developing products with the least impact on health, safety and the environment.
- Regularly review and monitor our impacts and activities, setting objectives and targets as part of a continual improvement process.
- Is committed to reducing waste through better use of raw materials, energy, water, re-use and recycling.

#### Safety and Handling

General Cleaner GC1:

- Is formulated to be free from any chemicals toxic to health, carcinogenic, mutagenic or reprotoxic according to Directive 67/548/EC.

Comprehensive information on the safety and handling of General Cleaner GC1 is given in the appropriate Safety Data Sheets.

#### Environmental Information

General Cleaner GC1:

- Does not contain ozone-depleting chemicals as described in the Montreal Convention.
- Is formulated free from aromatic hydrocarbons.

The information and recommendations contained in this Product Information sheet, as well as technical advice otherwise given by representatives of Fujifilm Speciality Ink Systems Limited and its associated companies, whether verbally or in writing, are based on our present knowledge and believed to be accurate. However, no guarantee regarding their accuracy is given as we cannot cover or anticipate every possible application of our products and because manufacturing methods, printing stocks and other materials vary. For the same reason our products are sold without warranty and on condition that users shall make their own tests to satisfy themselves that they will meet fully their particular requirements. Our policy of continuous product improvement might make some of the information contained in this Product Information sheet out of date and users are requested to ensure that they follow current recommendations.
